

Alzheimer's Disease Living Area Safety Checklist

- I removed all wobbly furniture and furniture with glass.
- I checked all furniture for sturdiness.
- I eliminated anything that could cause trips or falls.
- Breakable items are put away, locked up, or are kept in place using an adhesive.
- Heavy or sharp items have been removed and put away in a safe location.
- Long cords have been tacked to baseboards and toxic plants have been removed.
- The living room is well-lit and ceiling fans are safe and quiet.
- Anything that could be mistaken as a toilet has been removed.
